## REPORT OF SUPERINTENDENT OF SCHOOLS

---

To the School Board of Jaffrey:

I submit at this time my eighteenth annual report as superintendent of schools, this being the twenty-seventh in the series under union supervision. Attention is called to the report of Headmaster Beal of Conant High School, and the report of Mrs. Helen L. Towne, School Nurse.

There was one change in the high school teaching force, one in the intermediate grades, and one new teaching position filled in the primary school.

Miss Sarah Griswold, a graduate of Keene Normal School, with teaching experience in Dalton and Keene succeeded Miss Messer as teacher of Domestic Arts. Miss Margherita Vanni, also a Keene graduate, succeeded Miss Louise Busi in grade six, and Donald Chamberlin, a graduate of Keene, 1935, was chosen as teacher of grades 4-5-6 in the primary school.

The large enrollment in the lower grades made necessary the employment of an extra teacher for the grades above mentioned. This position places the number of full time teachers back to eighteen, the number in service when the reduced budget voted in 1933 made it necessary to drop one teacher.

As will be noted from the statistical table, all the elementary grades are large, and the intermediate and upper grades are so large that the seating capacity of the elementary grade rooms in the high school building is severely taxed.

The high school problem is also one of providing adequate room for next year's probable increased enrollment.

The school enrollment for the school year 1934-35 was 578, while for the previous year it was 579. The primary grades were rearranged, Mr. Chamberlin taking grades four, five and six, in the room where Miss Lynch had previously taught grades three, four and five. Miss Lynch was assigned grades two and three in the room where Miss Bunker last year taught grades one and two, and Miss Bunker was transferred to the former Legion room with one division of grade one.

It was necessary to divide grade one as there were sixty pupils in this grade, but it was decided not to have a B division of grade one, and pupils were assigned to the two divisions of this grade by lot. We believe that this arrangement will work out more satisfactorily than the former method of assignment.

Mrs. Whitcomb has continued her work as supervisor of music, coming to our schools once in two weeks as was the case last year. It is to be regretted that we cannot arrange to have her services once a week as formerly was the case.

The classes in Adult Education which were very popular last year were not resumed as there were so few teachers certified under the Federal Project. Arrangements have now been made so that classes may be held beginning the first of March with Mrs. Aline Brown of Peterborough in charge.

Achievement and intelligence tests have been given in the intermediate grades and in the high school, and primary tests will be given during the spring term. We believe that these tests are of great benefit in determining the type of remedial work required, and in assisting the teachers in properly classifying the pupils.

The Junior High School prize speaking took place in November, and the Amos Fortune high school speaking contest in the high school will be held during the spring term, and the series of spelling matches carried on last year will be continued this year.

Certain repairs are greatly needed, especially the painting of the school buildings and the grading of the grounds at the rear

and northerly side of the high school building. A special appropriation is called for in regard to the painting, and a larger sum than called for last year under minor repairs contemplates the necessary grading and draining of the school yard.

In connection with the school appropriations attention should be called to the fact that while our schools may seem expensive to some, the per pupil cost of maintaining the Jaffrey schools is much less than the average for the state. The per pupil cost of the Jaffrey schools in the elementary grades is \$57.09, as compared with \$89.20 for Rindge, \$93.16 for Peterborough, \$99.93 for Hancock, \$94.71 for Concord, and \$72.10 for Manchester. Jaffrey is \$19.84 below the state median of \$76.93, and of the 238 school districts in the state only 25 have a smaller per pupil cost.

The state median for per pupil costs in the high school is \$99.45. The per pupil high school cost in Jaffrey is \$80.84 or \$18.61 per pupil less than the state median.

In order for the Jaffrey schools to maintain their present high standard of work adequate appropriations are necessary for suitable salaries and for the purchase of the necessary books, supplies and other school equipment.

I desire to express my appreciation of the faithful work which is being done by our teachers. They are handling large classes and giving much time and attention to cases of individual needs. Few changes have taken place in our teaching force within the past three years, and the acquaintance with the local situation gained by the comparatively long service given by many of our teachers has proved to be of great value to our schools.

In closing I desire to thank all school officials and interested citizens whose co-operation has meant so much in our work.

Very truly yours,

LEWIS S. RECORD,

Superintendent of Schools.

East Jaffrey, N. H.

February 24, 1936.

## REPORT OF HEADMASTER OF HIGH SCHOOL

To Lewis S. Record, Superintendent of Schools, East Jaffrey, N. H.

The following is my sixth annual report as Headmaster of Conant High School:

### Teaching Staff

There is only one change in the teaching staff this year. Miss Sarah Griswold (Conant 1928, Keene Normal 1932) took the place of Miss Evelyn Messer who was married to Mr. Clarence Adams of Warner, N. H. It is worthy of note that all teachers are teaching under State certificate.

#### Tuition Pupils

We have three tuition pupils attending Conant High School, all from West Rindge and all members of the Junior class. They are Bernice Hayden, Louis Murphy and Velma Robbins.

#### Extra Curricula Activities

1. **MUSIC.** The supervision of music is again in charge of Mrs. Mildred Whitcomb of Keene. In cooperation with Troy and Fitzwilliam very successful joint musicales were held in May. Her work in the High School is with the Boys' and Girls' Glee Clubs and with the chorus.

2. **SCHOLARSHIP.** At graduation last June the following awards were made: English prize by the Woman's Club, Katherine O'Neil; best all-round girl, Gertrude Whitehead; best all-round boy, Arthur Sirois; Parent-Teacher scholarship, Edith Major. Two teams of Seniors took part in Scholarship Day at Keene in May.

**3. PRIZE SPEAKING.** The first Amos Fortune Prize Speaking contest was held in May. Winners were William Purdy and Leo Daniels for boys and Lorraine Clark and Barbara Fenty for girls. This contest will become an annual event in our high school.

**4. WASHINGTON TRIP.** The twenty-six Seniors with Mr. Lewis S. Record, Miss Ruth Peckham, and Miss Marjorie Frost made the Washington trip during the April vacation. The party left Boston by boat on the afternoon of April 19th. From New York they were taken by bus to Washington, Annapolis, Gettysburg, Valley Forge, and back to New York. The Washington trip for the present Senior class is planned for April 17th.

**5. ATHLETICS.** Both boys and girls teams in basketball entered the Monadnock Interscholastic League. Mr. Joseph Burke and Mr. Donald Chamberlin have voluntarily assisted with the teams,—Mr. Burke with the high school team and Mr. Chamberlin the Junior High teams. Last March our boys' team entered the village tournament at Fitchburg and defeated Ashby and Lunenburg to become one of the three New Hampshire teams to compete in the semi-finals.

**6. DRAMATICS.** Miss Cournoyer has again coached well-presented and financially successful plays. The Seniors gave "Lady Spitfire" in December and the Juniors presented "Missing: One Pair."

**MISCELLANEOUS STATISTICS.** School Night under the auspices of the Jaffrey Parent-Teacher Association was held in December. Attendance was not as large this year due to extreme weather. The school nurse, Mrs. Towne, has made eight visits to the High School. Mrs. Mildred Whitcomb, music supervisor, has made ten visits to date. Whole number of half days lost by holidays 10, bad weather 6, and two one sessions. Number of half days school actually in session 152. Aggregate half days attendance for first sixteen weeks 17,221; aggregate half days absence 345. Number of tardinesses per pupil 0.315. Number of half days perfect attendance 18. Twenty-two high school pupils are transported daily. Seven fire drills have been made to date. The magazine rack presented by the class of 1935 makes a fine addition to our library. The present Senior class is planning to mimeograph its own Conant Annual this spring on the new school mimeograph.

**CONCLUSION.**—Our major problem in High School is still that of insufficient room for the increasing number of pupils. With the graduation of twenty-one seniors in June and an entering class of thirty-five in September (there are over forty-five in the eighth grade), the total enrollment in the fall may easily surpass all recent figures and soar as high as one hundred thirty-five.

The great majority of these pupils are not interested in the Academic or Domestic Arts curricula and their selection of the Business and Commercial curricula taxes the equipment and other facilities of this department to the limit. The need is for a Practical Arts curriculum including courses in manual training or other shop work and mechanical drawing which will help pupils in their vocational and avocational pursuits. Our high school program lacks variety to interest the average boy who cannot afford college or other post-secondary training.

People used to think that the earth was the center of the universe until Copernicus proved that it was the sun which really occupied this position. Educational thought has undergone a similar shift in emphasis in recent years. Instruction used to be considered the center of school life, but today all new education has reoriented educational thinking about its true

center—the child. Because of this fact and because of the constantly changing world in which we live, it is well for pupils, teachers, and parents alike to keep in mind the main objectives of secondary education. They are:—

A command of the fundamental learning processes  
 The promotion of health  
 Worthy membership in the home  
 A well-rounded economic life  
 Advancement in the civic life  
 Worthwhile leisure time activities  
 Fostering ethical and moral character

These are the ideals for which we want our children to strive, and for the attainment of which we willingly sacrifice so much.

I want to thank you on behalf of the teachers and myself for your cooperation in meeting the problems of our schools.

Respectfully yours,

JARVIS T. BEAL, Headmaster.
